NSCAD Start Up Research Grant (SURG)!
Guidelines

The Start-Up Research Grant (SURG) is intended to assist newly hired faculty in the development of a research program that will lead to externally funded projects. The SURG seeks to help new faculty members to start their own research program. The SURG is not a substitute for external funding resources and faculty members are expected to make every effort to obtain support from external granting agencies for their research projects. The SURG (to a maximum of $2500) is administered by the Research Office after approval by the Vice-President (Academic & Research) and Provost.

2. Software/Research tools and supplies
3. Photocopying
4. Library fees (Archives)
5. Travel for data collection

Funds must be used within 2 years by April 30th following approval of the application.
After this time, unused funds will revert back to Research Services.

FOR MORE INFORMATION AND/OR SUPPORT CONTACT RESEARCH SERVICES:
